

MGH NEWS

DISCOVERING THE UNDERSEA BEAUTY OF CABO

Exploring the magical waters of the Sea of Cortez is an unforgettable experience and you could say that is even an obligation when you visit Cabo. One of the most popular activities in summer is Snorkeling; an activity for the whole family since all types of swimmers can do it, from the little ones to older adults. Snorkeling allows you to explore the surface of the sea and learn about the different types of flora and fauna that inhabit the ocean.

The best thing about this incredible activity is that, you don't need a professional preparation or learn a specific technique really, since the practice of the activity itself is very simple and easy, you only need your equipment and a lot of sunscreen! There are different ways to do snorkeling, it can be on the beach or by boat; our recommendation is definitely to do it by boat, since you can enjoy this activity as a complete experience: with a trip to the bay, lunch, equipment for different activities, and enjoying with other passengers.

So, if you want to spend an afternoon of fun and adventure in the sea, we recommend asking your Concierge for the cruise we have available for families, groups of friends or couples. Even if you feel a little more adventurous, you can ask for Scuba diving packages, an activity that requires a bit more practice, since it consists in exploring the sea in greater depth.

THE BEST OF HOUSEKEEPING IS AT MGH

Every year, the AAA (American Automobile Association) honors resorts that offer outstanding housekeeping and accommodation services. The AAA is one of the world's largest travel organizations, "Members trust AAA to steer them right when it comes to travel information they can depend on to guide their travel planning and buying decisions". That's why we're so proud to announce that we've been honored with the Inspector's Best of Housekeeping recognition at two of our amazing properties: Hacienda Encantada and Marina Fiesta. This recognition is granted to those establishments with high quality standards in services, which are evaluated by expert inspectors in the field and members of the association.

This is the first year Hacienda Encantada Resort & Residences wins the recognition and for Marina Fiesta Resort & Spa it's a second in a row! This important recognition is the result of the effort and dedication that each housekeeper's department demonstrates with its excellent service attitude. The work of both teams is not only reflected in the cleanliness and good conditions of each room, but also can be seen in the attention to detail and in that extra that is always present regarding the attention to the guest.

Although the team's work is "behind the scenes", it is the peculiar way that each member of the team finds in making that difference and putting that special touch that so characterizes both resorts, that touch that can make the difference in the entire vacation experience of the guest.

Proud to have earned a **CERTIFICATE OF EXCELLENCE** for 5 YEARS in a row.

THANK YOU FOR SHARE YOUR EXPERIENCE!

We're so proud to announce that we've received for the 6th consecutive year the TripAdvisor® Certificate of Excellence at Hacienda Encantada and Marina Fiesta.

This achievement celebrates hospitality businesses that have earned great traveler reviews on TripAdvisor over the past year. Certificate of Excellence recipients include accommodations, restaurants and attractions located all over the world that have continually delivered a quality customer experience.

As always, it is a great honor to receive this award but this year is extra special because not only we celebrate 6 years of excellent reviews but we are also very proud to announce that thanks to all the opinions of our guests we are part of the TripAdvisor Hall of Fame, honor that is only granted to establishments that remain five consecutive years (or more) with excellent evaluations.

Marina Fiesta Resort & Spa and Hacienda Encantada Resort & Residences, thanks all those travelers who have taken the time to share their experience within the TripAdvisor platform; Not only do they help other travelers decide their next destination but also, by sharing their comments, they are helping us to improve our services.

IMMERSE IN RELAXATION

What could be better than starting your day with a little meditation, stretching or even a quick yoga session? We know that taking care of your physical and mental health is as important as enjoying yourself and having fun, and what better than having a place to vacation that offers a balance between both things!

Lately, we've been making many changes and improvements to the property; for example, the recent remodeling of our temazcal area, the addition of the new volleyball sand court and, most recently, our new wellness area! An open space surrounded by nature with the perfect environment for a moment of relaxation. The area is outdoors and can be used by all guests, has no schedules or needs reservations. It has a large enough area to give space for 10 people to enjoy the place even with their equipment, which is provided right there in the lockers located on the side of the area.

So, if you are looking for a place to do your stretching before a morning walk, do meditation in the light of the moon or simply a place to exercise outdoors, ask in front desk or your concierge about this incredible new area. Include in your vacation plans: a moment of relaxation!

CALLING OUT ALL THE COFFEE LOVERS!

We're so proud to be featuring a new addition to the family that combines deliciousness with style. 'Lola Mia' is the new deli and coffee shop at Hacienda Encantada resort. Located right next to the lobby, Lola Mia opened its doors this past April to provide, as is usual in the property, the best service to the guest while they enjoy a wide variety of snacks and refreshing drinks options; Also, this new Deli & Coffee Shop it's a proud distributor of Starbucks products, and will feature a special beverage menu from the world-renowned chain.

Lola Mia is open from 7am to 10pm, so you can enjoy your favorite snack and drink just to start your day on the right way or when you arrive after a long day of adventure. The extensive menu will be made up of different varieties of sandwiches, desserts, sweet bread, hot and cold coffees, as well as drinks in general such as water, soft drinks, juices and beers. So, stop by to satisfy your sweet tooth!
